

The Knightsbridge School Education Foundation Awards

The Knightsbridge School Education Foundation (KSEF) is offering at least one bursary or scholarship, up to 100% of fees, to a boy or girl to attend Knightsbridge School in Year Seven from September 2018 for two years until July 2020. The expectation is that the boy or girl will go on to a senior independent school at the age of 13. This will be the seventh year of the KSEF Awards and the Trustees are very keen that as many candidates as possible apply.

There must be a strong case given of financial need and all prospective candidate families will be required to fill in a Means Test Form. It is very important that a successful candidate offers excellence, skills and attributes which will help ensure that he or she can go on to senior school and win another bursary or scholarship.

It is expected that applicants for a KSEF Award will come from the Borough of Kensington and Chelsea, although candidates outside will be considered as well.

The deadline for applications from within or near the Borough is **11 December 2017**. Candidates will be invited to Knightsbridge School for an Entry Test on **16 January 2018** and a decision will be made by the Trustees by the **end of January 2018**. There will be tests in maths and English and there will be a non-verbal IQ Test, together with an interview. In the event that the Trustees feel additional candidates can be considered, the Entry test will take place on **Wednesday 14 March 2018**.

Parents are asked to write to the school for further details and visit the KSEF website www.ksfoundation.org. For an application form, please ask your school office or write to:
